

# Cell Power® Calcium Gold

OMEX® has developed this unique Calcium, all in one foliar fertilizer blend to help with all your calcium needs. This material is powered by the **EBA™** technology present in the **Calcium Plus 8%**. In addition, this blend contains a wide range of secondary nutrients and micronutrients, which will aid with overall plant health and yield. The use rates of this are low at 1-4 quarts/acre as foliar. This material can be applied to a wide range of crops, including permanent crops, as well as field and vegetable crops.
