Cell Power®

SOmex®

Cell Power® SOmex® contains, phosphorus, potassium and sulfur in one, convenient package. It has been specially formulated for foliar application, ensuring maximum uptake of nutrients and excellent utilization within plants. The unique suspension technology ensures all of the nutrients are totally dispersed in the mix and is easily absorbed by both leaf and fruit.

Sulfur: Sulfur is a constituent of amino acids, which are critical components in protein synthesis.

Phosphorus: Constituent of proteins and nucleic acids. This nutrient stimulates the root growth and promotes early maturity, shelf life and fruit firmness. Phosphorus is also the key nutrient essential in ATP and creation of photosynthates.

Potassium: This nutrient plays in important role in the formation and transport of sugars, starch and acids. It has a positive effect influence on fruit quality, shape, color, taste and shelf life.

- Highly available nutrient source of phosphorus, potassium and sulfur
- Buffers solution to about a pH of 5
- Optimizes nutrient uptake
- Easily absorbed by both leaf and fruit

Analysis: 0-16-10 + 31% (S)
Density: 12.6 lbs/gallon
Packaging: 2.5-gal, 275-gal mini-bulk

Quality & Crop Safety is our #1 Goal
